B. Annual Plan Elements

B.1 REVISION OF PLAN ELEMENTS

Statement of Housing needs and Strategy for Addressing Housing Needs (no change)

GDPM’s housing needs and strategy have not changed since the previous PHA 5YR plan, approved May 6, 2020. In order to identify the housing needs for Montgomery County, GDPM utilized the housing needs assessment data contained in Montgomery County’s current Consolidated Plan, along with GDPM’s waitlist data.

According to the Consolidated Plan (ConPlan), increasing the supply of affordable housing through preserving existing affordable units and expanding the supply of new affordable units is an ongoing priority. Households with incomes at 50% or below the area median income have the greater number of housing problems. Households with incomes less than 30% of AMI are more affected than households in other income categories. One of the greatest housing problems is the number of households with a housing cost burden greater than 50% of their income. The ConPlan indicates that 9,657 of renter households pay more than 50% of their income on housing.

The ConPlan, housing needs assessment also indicates that the supply and quality of affordable housing, specifically for households at or below 30% of AMI is insufficient. The ConPlan identifies 66% of the rental units in Montgomery County 42 years old or greater.

GDPM has adopted the following strategies to address the housing needs in Montgomery County:

- Preserve GDPM’s portfolio and address capital needs. Specifically:
  - Utilize all available HUD programs and resources such as Rental Assistance Demonstration (RAD), Voluntary Conversion, Section 18 Demolition and Disposition and Choice Neighborhoods, to advance goals of the GDPM redevelopment plan
  - Incorporate energy savings measures and green technologies to reduce utility bills and enhance living environments

- Expand the supply of affordable housing
  - Apply for additional Housing Choice Vouchers (HCV), where appropriate
  - Acquire and/or build developments to expand GDPM’s portfolio offerings
  - Encourage assisted units in private developments throughout Montgomery County
  - Seek partnerships in order to create leverage opportunities for additional housing options

- Create access to affordable housing in areas of opportunity & promote deconcentration
  - Conduct outreach efforts to potential HCV landlords
  - Seek to acquire land or buildings for development in identified areas of opportunity per the Kirwan Opportunity Maps, or other acceptable resource
  - Encourage assisted units in private developments throughout Montgomery County
  - Evaluate methods to promote Public Housing deconcentration and income mixing in developments with average family incomes outside the upper or lower Established Income Range (EIR) as defined in 24 CFR 903.2(c) (1) (iii) (e.g., bringing higher income public housing households into lower income public housing developments)
  - Encourage homeownership opportunities through the Family Self-Sufficiency program

GDPM’s most recently approved 5 Year PHA Plan can be found here:
**Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions (no change)**

GDPM’s deconcentration policy complies with the income targeting requirements at 24 CFR Part 903; rule to Deconcentration Poverty and Promote Integration in Public Housing.

GDPM’s maintains eligibility, selection and admissions policies for the housing choice voucher (HCV) and RAD programs. The policies for the HCV program policies can be located here:

Rental Assistance Demonstration and Project Based Voucher (PBV) units owned by GDPM:

A list of the specific operation and management modifications that may occur include:

- Housing Mobility Pilot Program
- HCV Preferences
- HCV Waitlist and Special programs
- Conversions through RAD using both PBV and PBRA and a variety of funding sources
- Asset Management Scattered Sites Incentive Transfer Program
- Implementation of Small Area Fair Market Rents

Additional operation and management modifications that may occur over the next year include:

- Remote work operations in response to the COVID-19 Pandemic
- Remote options for the delivery of resident service programs for all GDPM owned and operated properties

GDPM intends engage consulting services to assist with updating and revising agency wide policy documents, as necessary.
Homeownership Programs

GDPM administers a HCV homeownership program through its Family Self Sufficiency Department (FSS) to provide homeownership opportunities for HCV participants. The HCV homeownership program continuously seeks partnership opportunities to increase participation and leverage resources. GDPM implemented an Individual Development Account program with grant funds from the Ohio CDC Association the program will be available until December, 2021. Additionally, in connection with a local Community Development Finance Institution, GDPM may seek to expand this program if Capital Magnet Fund resources are awarded to the CDFI.

Community Service and Self-Sufficiency Programs

GDPM operates the HUD Family Self-Sufficiency (FSS), ROSS (Resident Opportunity and Self Sufficiency Coordinator) and Jobs Plus programs in an effort to empower residents toward self-sufficiency. Each program has specific goals and requirements but are all designed to provide access to supportive services and necessary resources to assist residents in increasing their economic position.

All of the programs are grant funded. GDPM will continue to apply for FSS and ROSS funding. The Jobs Plus program is a placed based program located at AMP 7. The program is scheduled to end December, 2021. GDPM intends to seek private funding to maintain some of Jobs Plus program elements. If unsuccessful GDPM will transition service coordination to the FSS and ROSS programs.

Safety and Crime Prevention

GDPM employs a former police officer to lead its Security Department. The Security Coordinator served as a law enforcement officer on the City of Dayton’s Police Department for twenty years. The Coordinator’s employment has afforded GDPM the opportunity to engage in an excellent collaboration with local law enforcement. Two of the most valuable collaborative measures GDPM and local law enforcement have engaged in includes strict enforcement of a comprehensive trespass policy and the formation of a GDPM Task Force. GDPM maintains a contract with the City of Dayton Police to implement the GDPM Task Force. The contract provides three full-time officers that service the GDPM, portfolio.

Violence Against Women Act (VAWA)

In 2017, GDPM drafted and implemented its agency wide VAWA Policy and Emergency Transfer Plan. GDPM’s General Counsel provided VAWA training for all property managers. To ensure uniformity and access across GDPM’s programs, it implemented the same VAWA Policy into its RAD Program. A copy of the VAWA Policy, including the RAD language is contained within GDPM’s 2020-2025 5 Year Plan: https://www.gdpm.org/wp-content/uploads/2019/11/GDPM-2020-2025-5Y-FY20-Annual-Plans.pdf

Pet Policy

The pet policy is intended to establish clear guidelines for ownership of pets in Public Housing and to ensure that no applicant or resident is discriminated against regarding admission or continued occupancy because of ownership of pets. Individuals with disabilities may request to have an animal by submitting a Reasonable Accommodation as detailed within the ACOP.
Asset Management

The total 2021 ACC unit count is 2,637 for the Public Housing program as reflected in the following table. To date, GDPM has converted 86 units from Public Housing to PBV under RAD. As part of the conversion, GDPM has adopted resident rights, resident participation, and waiting list and grievance procedures as delineated in PIH Notice PIH-2019-23, REV-4. These provisions are provided in Chapter 39 of the GDPM’s Admin Plan:

HUD designed RAD to assist with addressing the capital needs of public housing by providing housing authorities with access to private sources of capital in order to repair, replace and/or preserve its affordable housing assets. It should be noted that upon a conversion, GDPM’s Capital Fund Budget will be reduced by the pro rata share of Public Housing Developments converted as part of the Demonstration, and that GDPM may borrow funds to address the RAD developments’ capital needs. GDPM currently has debt under the Capital Fund Financing Program and will be working with its lender to address the debt which may result in additional reductions of the Capital Fund.

Under its portfolio award, GDPM has received individual Commitments to Entire into a Housing Assistance Payment Contract (CHAP) for several properties and has submitted financing plans for properties as well. GDPM will continue to request and modify CHAP requests according its development plan schedule which is included as an attachment to this plan.

GDPM anticipates utilizing its Capital Fund to support the advancement of its redevelopment plan with RAD as the primary tool. The estimated Capital Fund investment for GDPM’s Redevelopment Plan, including RAD is approximately $50M. The full redevelopment plan is included as Attachment #2 and may be modified depending upon funding availability and physical needs.

HUD has made various strategies available to public housing agencies (PHAs) to reposition public housing developments and released a new guide. GDPM intends to utilize these strategies and all tools available to preserve affordable housing units, address rehabilitation and physical needs, and place properties in an increased financial position.
Substantial Deviation (no change)

“Substantial Deviation” is defined as follows:

1. Additions of non-emergency work items (items not included in the Annual statement or 5-year Action plan) or change in use of replacement reserve funds under Capital Fund.

2. Any change with regard to demolition or disposition, designation, homeowner programs or conversion activities.

3. Fundamental alteration of the goals, mission or objectives of GDPM.

4. The definition of Substantial Deviation/Modification of GDPM’s Plan is amended to exclude the following items:
   a. Actions due to HUD regulatory requirements;
   b. Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless of whether the conversion will include use of additional Capital Funds;
   c. Changes to the construction and rehabilitation plan for each approved RAD conversion; and
   d. Changes to the financing structure for each approved RAD conversion.

Significant Amendment/Substantial Deviation (no change)

“Significant Amendment” is defined as follows: A significant amendment or modification to the annual plan is a change in the major strategies to address Housing Needs or changes in Admissions & Occupancy. For the purpose of the CFP, a proposed demolition, disposition, homeownership, Capital Fund financing, development, or mixed finance proposal are considered significant amendments to the CFP 5-Year Action Plan.

The following are not considered significant amendments:

1. Changes in Public Housing Admissions & Occupancy Policies or the Section 8 Administrative Plan that are not inconsistent with the Annual Plan.

2. Changes in Public Housing Admissions & Occupancy Policies or the Section 8 Administrative Plan that are required by federal, state, or local authorities, including laws and regulations.

3. A minor change in the planned uses of financial resources (e.g., small shifts within or between different funding categories).

4. Changes in the plan resulting from consultation with Consolidated Plan authorities including the City of Dayton and Montgomery County, Ohio.

5. Changes that are the result of the loss of anticipated funding to support a specific proposed activity or program.

6. Changes that are due to factors outside of GDPM’s control such as natural or man-made disasters that require the redirection of resources to address emerging issues.

7. Technical amendments to correct grammar and spelling mistakes; to adjust the language in the plan document to match the intended board policy as documented by board resolutions and minutes that inadvertently omitted or misstated in the existing plan document; or to update the plan to provide more accurate information that does not impact policies such as corrections to reports on past activities and statistics on housing and population characteristics.
B.2 NEW ACTIVITIES

General
GDPM is continuously seeking ways to improve its efficiency and operations and better serve residents. In 2021, GDPM intends to explore improvements to its Central Office and site management locations, including but not limited to space considerations, including remote work and meeting options, Wi-Fi connections for clients and automated phone services. Where applicable, and allowable per regulation GDPM may utilize PHA operation or CFP funding to support efforts.

HCV Program – Housing Mobility Pilot Program
GDPM, in collaboration with the Infant Mortality Taskforce and other local partners, may seek funding opportunities for a Housing Mobility Pilot Program (Pilot Program). The purpose of the Pilot Program includes decreasing the infant mortality rate in high infant mortality zones, assisting young families or pregnant families to relocate to areas outside of high-infant mortality rate zones, move to high opportunity areas, and development standards for housing to support Social Determinants of Health objectives. The Pilot Program will focus on decreasing the infant mortality rate among low income families, providing education and life skills opportunities to the Pilot Program families, to decrease the amount of homeless families, and advance social determinants of health objectives.

The implementation of the Pilot Program may necessitate GDPM implementing a preference for a targeted group. The preference and Pilot Program selection criteria is based on local housing needs and priorities. Preference points may be given to families with a pregnant member and/or young children that are homeless or in danger of being homeless. GDPM will receive referrals from community partners and applicants that meet the HCV eligibility requirements and the selection criteria for the Pilot Program will be eligible for the preference points. GDPM may open the waitlist for the specific preference category, and may, in its discretion, opt to leave the waitlist open for the specific preference category until GDPM determines that it has sufficient applicants to fulfill the available Pilot Program slots. The Pilot Program will be open to approximately 30 families at any one time who are either (1) current HCV participant families with a pregnant household member and/or with young children; or (2) non-current HCV families with a pregnant member and/or young children that are homeless or in danger of being homeless.

To implement such a program, GDPM may utilize Small Area Fair Market Rents (SAFMRs) for certain areas in order to increase housing choice and mobility options and to effectuate the mission of the Pilot Program. GDPM may alleviate necessary program rules, including, but not limited to, allowing participants to relocate under the Pilot Program initiatives even though the participant has not met occupancy length requirements. In order to facilitate implementation, GDPM will request regulatory waivers and/or HUD approval as needed.

GDPM, the Miami Valley Fair Housing Centers, Legal Aid of Western Ohio and Advocates for Basic Legal Equality, Inc. intend to submit a joint application for funding for the Pilot Program. The Pilot Program intends to request funding in order to provide housing mobility counseling, landlord outreach, supportive legal services, and assistance for increased tenant payments as a result of relocation under the Pilot Program.

HCV Preferences
GDPM may implement a preference for its HCV Program for persons facing expiration of their Family Unification Program voucher. There is a maximum program term of 36 months for FUP vouchers for youth aging out of foster care. For these voucher holders that need continued assisted housing at the expiration of their FUP voucher, GDPM may offer preference points for receipt of a voucher in order for the FUP participant to move to the top of the Waitlist.

HCV Waitlist – Special Programs
GDPM may open its HCV Waitlist for special populations/programs its services under its HCV Program including, VASH, FUP, Mainstream Voucher Program and Mobility Pilot Program participants. GDPM may open the Waitlist specifically for these special programs, and may leave the Waitlist open indefinitely or until GDPM has determined it has a sufficient
number of applicants for these special programs on the Waitlist. GDPM will follow the guidelines set-forth in its Administrative Plan when opening and closing the Waitlist.

**CHOICE NEIGHBORHOODS (CN) (OH005000007):** DeSoto Bass Choice Neighborhoods Planning/Action Grant: GDPM (lead applicant) in partnership with the City of Dayton (co-applicant) was awarded with a Choice Neighborhoods Planning/Action Grant. The transformation plan for the redevelopment of AMP 7 which includes Desoto Bass Courts (OH5-2, OH5-2A, OH5-5, 354 units) and Hilltop Homes (OH5-9, 201 units), along with the surrounding neighborhoods was submitted and accepted by HUD. GDPM is committed to improving the developments within AMP 7 and partnering with stakeholders to improve the entire neighborhood. CFP and/or other PHA funds may be utilized to advance this goal, as appropriate. If the CN team is prepared to apply for CN Implementation funds (upon release), an application will be submitted for the area. GDPM intends to use the awarded funds for any activity allowable under the CN rules and regulations. A copy of the executive summary plan is included as part of this plan, and can be found here: [http://choiceneighborhooddayton.com/wp-content/uploads/2018/08/GDP-Miami-Chapel-booklet-2018-pages.pdf](http://choiceneighborhooddayton.com/wp-content/uploads/2018/08/GDP-Miami-Chapel-booklet-2018-pages.pdf)

**MIXED FINANCE/MODERNIZATION, DEVELOPMENT, RAD:**

GDM will utilize its nonprofit development entity, Invictus Development Group, Inc (IDG), for the financing and ownership of mixed-finance development projects detailed in the attached redevelopment plan (Attachment #2). Since 2017, IDG has been involved in providing low income housing tax credit financing for development projects and seeking private grants and donations to support resident service efforts. In 2019, IDG has secured $1,642,500 in housing development and private grant funds.

GDPM’s Redevelopment Plan proposed to utilize almost every HUD tool available in order to preserve, enhance and expand GDPM’s portfolio. Some specific activities underway include:

**Telford-Corona:** Telford Corona is a 16-unit acquisition/rehabilitation project that was added to GDPM’s portfolio in January, 2020 (OH005071000). There are 15 ACC units and 1 non-ACC unit. The project will convert to RAD. GDPM may also pursue other eligible options such as disposition and PBV, and de minimis, as applicable.

**Mixed Finance Development Proposal Wilkinson Replacement:** Although the final scope of work and cost will be determined at a later date, GDPM may submit a development proposal to HUD or request a RAD CHAP, in order to reconstruction, acquire or finance the property(ies) needed for the Wilkinson replacement as described in further detail under “Demolition Activities” below. Such proposal may include a request for authorization for GDPM to enter into a long term ground lease agreement to a tax credit entity in order to facilitate the tax credit financing. Possible sources of funding for the project may include Capital Funds, other PHA funds, bonds, tax credits, non-PHA funding, conventional loans, Federal Home Loan Bank financing and other funding sources. Prior to submitting a Mixed-Finance approval, GDPM may request HUD authorization to use public housing funds for pre-development expenses. GDPM may participate in the RAD Program for the Wilkinson Replacement and will explore transfer of assistance opportunities.

**Mixed Finance Development Proposal Desoto Bass Replacement:** Although the final scope of work and cost will be determined at a later date, GDPM may submit a development proposal to HUD, or request a RAD CHAP, in order to reconstruction, transfer assistance, acquire or finance the property (ies) needed for the Desoto Bass redevelopment as part of the Renew Miami Chapel Plan.
