RFP 23-03

Project Based Rental Subsidy

The Dayton Metropolitan Housing Authority dba Greater Dayton Premier Management (GDPM) is an Ohio political subdivision and is Montgomery County's largest landlord serving approximately 16,000 individuals annually. In addition to the Public Housing Program, GDPM administers the U.S. Department of Housing and Urban Development's (HUD) Housing Choice Voucher Program (HCV) program for Montgomery County, Ohio.

The HCV Project Based Voucher (PBV Program) is a component of the Housing Choice Voucher Program whereby a Housing Authority may choose to provide subsidy to selected projects. Unlike a Tenant-Based voucher that is awarded to a family, the Project Based Voucher is provided to the property and is available only to a qualifying family that chooses to reside in the designated property. Owners of participating properties enter into a PBV Housing Assistance Payments (HAP) Contract for a pre-determined number of units. PBV Program rules and regulations are set forth in 24 CFR 983 and the GDPM Housing Choice Voucher Administrative Plan.

GDPM may also make project based rental subsidy available through a conversion of subsidy under the Rental Assistance Demonstration (RAD) Program. The RAD program is a program established by HUD, to provide public housing authorities a tool to convert aging public housing into affordable housing. This can be done by transferring the original assistance from the public housing unit to a unit in the new 'project'. The selected 'project(s)' will receive the RAD-PBV subsidy through a Housing Assistance Payments (HAP) contract. Rental assistance will remain with the unit for the term of the contract. The term of the contract shall be for a period of up to 20 years, with an exclusive right by the GDPM to extend for additional periods.

General requirements:

- Proposed housing type may be new construction, rehabilitation or existing residential housing
- Proposed projects may serve any household classification (family, senior, veteran, etc), however, incomes must be at or below 80% area median income (AMI)
- The minimum number of total units permitted for a proposed project is 4, the maximum permitted is 200
- The minimum number of project based units for the project is 1 the maximum number is 50
- The total number of project based vouchers available under this RFP is 147. 100 through the HCV-PBV program and 47 through the RAD-PBV transfer of assistance program
- The rental subsidy term will be 20 years with the option to renew
- RAD requirements are included in Exhibit A

In accordance with 24 CFR Part 5, Subpart G, HUD housing must be maintained in decent, safe, sanitary condition, and in good repair. Any housing receiving HUD assistance must be maintained in a manner that meets the physical condition standards set forth in 24 CFR Part 5, Subpart G, and Section 5.703.A physical inspection will take place as soon as possible following the execution of the HAP contract. After the initial inspection, the schedule of subsequent physical inspections will be determined by 24 CFR Part 983.

I. Specifications:

Rental assistance subsidies must be provided while an eligible family occupies the rental housing unit and the unit meet other program standards. GDPM will maintain the waiting list and refer program participants to the project owner in order to fill vacant units. GDPM subsidy standards will determine the appropriate unit size for the family size and composition. A maximum of 147 Project Based Vouchers will be available under this RFP from two different HUD programs. RAD Transfer of Assistance requirements are included as Exhibit A of this RFP and may be used as an alternative or supplement.

Eligibility requirements for the HCV-PBV program are as follows:

- Serve families at or below 80% of the Area Median Income (AMI)
- Demonstrate evidence of site control
- Adhere to HUD Site and Neighborhood Standards for PBV developments
- Set aside units for extremely low income tenants (the number of units will depend on the number of PBVs received)

2	Proposed Project: Proposed projects are feasible, have site control, building design and current conditions meets the needs of today's families. This will be demonstrated by the documents submitted as detailed in the Submission Requirements- Section B	40

	Total	100

IV. Davis Bacon/Prevailing Wages:

Davis Bacon applies to any developments greater than 9 units under new construction or rehabilitation.

Davis-Bacon requirements apply to existing PBV units when the nature of any work to be performed either before the execution of the Housing Assistance Payment (HAP) contract or within 18 months after execution constitutes project "development." The PBV program defines "development" as construction or rehabilitation of PBV housing after the selection date for a proposal. The scope and timing of the "development" work are important to determining whether Davis-Bacon requirements apply to existing housing under the PBV program.

"Scope" refers to specific activities being conducted. Remodeling work that alters the nature or type of housing units, reconstruction, or substantial improvements in the quality or kind of original equipment and materials constitutes "development." Further, any "development" initiated on existing units within 18 months after the effective date of the HAP contract on projects with nine or more units assisted under a PBV HAP contract triggers Davis-Bacon requirements.

Prevailing wage requirements of the Davis-Bacon and related Acts (DBRA) apply to laborers and mechanics on federal construction and most federally assisted construction projects in excess of \$2,000.

V. Section 3- May or may not apply

GDPM will request this information only if Proposer is selected for the award. Proposer will then have 72 hours to provide the requested information. If Proposer fails to provide the requested information, the information is inadequate or the information proves disqualifying in GDPM's discretion, GDPM will cancel the award and select the next lowest bidder for the Contract Award.

EXHIBIT A

What is a RAD PBV Transfer of Assistance? The RAD program is a program established by the HUD, which provides Public Housing Agencies a tool to convert aging public housing into affordable housing. This can be done by converting the existing public housing into affordable housing while simultaneously transferring the original assistance to a new 'project'. The selected 'project(s)' will receive the units of RAD subsidy and GDPM will enter into a Housing Assistance Payments (HAP) contract with the successful entity. Rental assistance will remain with the unit for the term of the contract. The term of the contract shall be for a period of up to 20 years, with an exclusive right by the GDPM to extend for additional periods.

GDPM intends to 'transfer' the assistance of the units from the current public units to affordable housing projects (the Covered Projects). Upon conversion, GDPM will enter into a long-term PBV HAP agreement. In order to facilitate the transfer of assistance (TOA) GDPM must maintain some level of ownership and control of the PBV units. GDPM will work to structure the RAD requirements in a manner acceptable to the successful Respondent, but within the HUD guidelines described as described below:

A. Ownership & Control: Except where permitted to facilitate the use of tax credits, during both the initial term and all renewal terms of the HAP Contract, HUD will require ownership or control of the Covered Project by a public or nonprofit entity. HUD may also allow ownership of the project to be transferred to a tax credit entity controlled by a for-profit entity to facilitate the use of tax credits for the Covered Project. The requirement may be fulfilled if GDPM:

- holds a fee simple interest in the real property of the Covered Project
- is the lessor under a ground lease with the Project Owner;
- has the direct or indirect legal authority (via contract, partnership share or agreement of an equity partnership, voting rights, or otherwise) to direct the financial and legal interests of the Project Owner with respect to the RAD units
- owns 51 percent or more of the general partner interests in a limited partnership or 51 percent or more of the managing member interests in a limited liability company with all powers of a general partner or managing member, as applicable
- Owns a lesser percentage of the general partner or managing member interests and holds certain control rights.
- Owns 51 percent or more of all ownership interests in a limited partnership or limited liability company and holds certain control rights.

* All property, both real and personal, acquired or owned by a metropolitan housing authority and used for the purposes of exercising the powers set forth in sections 3735.27 to 3735.50 of the Revised Code, shall be public property used exclusively for a public purpose within the meaning of Section 2 of Article XII, Ohio Constitution, and shall be exempt from all taxation.

B. Project Requirements: A maximum of 47 Project Based Vouchers will be available under this RFP. To qualify, the properties must:

- Contain units with similar bedroom distribution as the described in the Summary of Transferring Units below;
- Adhere to HUD Site and Neighborhood Standards for PBV developments;
- Provide GDPM with a preserved interest as listed above;
- Set aside units for extremely low income tenants (the number of units will depend on the number of PBVs received);
- Provide the current subsidized tenants with a right to occupy a unit in the Covered Project;
- Be capable of receiving all of the RAD subsidy available for each respective development. Specifically, subsidy within specific developments listed below cannot be broken apart, i.e. if Superba is of interest, respondents must be capable of accepting all 24 units from that development. Respondents can apply for more than one development.

C. Description Transferring Units and Rents: The developments available for transfer of subsidy are as follows:

Development Name	Address	Units	Estimated Contract Rent
Superba	3004-3005 Superba	24 total 20- 2 bedroom 4- 3 bedroom	2-bedrm: \$844 plus \$110 utility allowance (UA) 3- bedroom: \$1,107 with \$137 UA
Willow	619 Willow	6 (all 1 bedroom)	\$671.26 plus \$85 UA
Hoch	261 Hoch	6 (all 1 bedroom)	\$671.26 plus \$85 UA
Gettysburg	138 N. Gettysburg	5 (all 2 bedroom)	\$859.10 plus \$120 UA
Winters	436-440 Winters	6 (all 1 bedroom)	\$671.15 plus \$85 UA

The total rent payable to the owner for the RAD transfer unit consists of the tenant rent (the portion of the rent to owner paid by household) and the rental assistance paid by the GDPM. GDPM determines the RAD PBV rental subsidy in accordance with HUD and Program rules and regulation.

- D. Uniform Relocation Act & “Right to Return”:** According to RAD PBV Requirements the tenants that currently reside in the GDPM units in which the subsidy is transferred from have a “right to return” to the Covered Project. Therefore, current tenants must be given the opportunity to transfer to the Covered Project.

Furthermore, any individuals displaced as a result of the RAD program must be provided relocation assistance in accordance with all of the provisions of the Federal Uniform Relocation Act. The successful Respondent will be responsible for all relocation costs of existing tenants at the property that will receive RAD PBV subsidy to the extent the Uniform Relocation Act is triggered as a result of the RAD transfer of assistance to the property.

- E. Site and Neighborhood Standards:** All properties must comply with the Site and Neighborhood Standards and other site standards applicable to the RAD program. Transfers of assistance must generally occur in neighborhoods that have a lower concentration of poverty than the area in which the converting project is located. HUD undertakes a rigorous review of the location of the property to ensure that the transfer of assistance complies with all Federal Civil Rights and Fair Housing laws and must first sign off on the location of the property prior to entering a HAP contract with the owner of the property.

- F. Subsidy Layering Review:** A subsidy layering review may be required by HUD prior to award of any PBV HAP contract. The subsidy layering review is intended to prevent excessive public assistance for the housing by combining (layering) housing assistance payment subsidy under the PBV program with other governmental housing assistance from federal, state, or local agencies, including assistance such as tax concessions or tax credits. Typically, HUD completes the Subsidy Layering Review.

- G. Environmental Review:** All properties selected for RAD PBV assistance are subject to the HUD environmental regulations 24 CFR Parts 50 and 58 and the RAD program requirements. As such, an environmental review must be conducted by the local responsible entity prior to HUD the award of any HAP contract.

- H. Rental Assistance Demonstration: Physical Condition Assessment:** Each property selected to receive a RAD transfer of assistance, will require a complete RAD Physical Condition Assessment (RPCA) performed on their property in accordance with the RAD Program requirements. This is a HUD requirement and needs to be provided by a third-party reviewer.

- I. Term of Contract:** Upon acceptance by GDPM and approval by HUD, a HAP contract will be executed by and between the successful Respondent and GDPM in the format prescribed by HUD. The HAP contract will be for a term of 20 years and will automatically renew upon initial expiration. The HAP contract will provide for annual Operating Cost Adjustment Factor (OCAF) adjustment of the rental amounts; subject to availability and HUD requirements.

- J. Tenant Selection & Choice Mobility:** All existing residents will have the right to return to any unit receiving RAD PBV assistance at the successful Respondent's property. If a resident does not accept the unit, GDPM will work with residents to provide various other housing. Tenant selection must be made in accordance with HUD requirements and in accordance with the Tenant Selection provisions provided for in GDPM's Housing Choice Voucher Administrative Plan.

After one (1) year of occupancy in a RAD PBV unit, a tenant may request to be placed on GDPM's Choice Mobility Waitlist in order to receive a Tenant Based Voucher from GDPM. GDPM will maintain a waiting list for Choice Mobility based on the date of receipt of the request from the tenant and will provide the next available Tenant Based Voucher to the resident at the top of the waiting list.

- K. Ongoing Compliance Requirements:** The successful Respondent shall manage the units in accordance with all requirements of the HUD-approved management plan, the HAP contract, the RAD Use Agreement and the other HUD-required RAD documents.
