Section 3 Job Aid

for Contractors & Subcontractors

1 Understand How Section 3 Applies to Your Project or Contract

Section 3 applies to any amount of public housing financial assistance for development, operations and management, and mixed-finance development projects. In some cases, Section 3 may apply to Rental Assistance Demonstration (RAD) and Choice Neighborhoods projects. Material supply contracts are excluded.

2 Understand How to Meet the Section 3 Goals

Meet the Quantitative Goals

25% or more of all labor hours in a PHA's fiscal year must be worked by Section 3 workers, and **5%** or more of all labor hours in a PHA's fiscal year must be worked by Targeted Section 3 workers

Professional service labor hours are excluded from the goals, but may be included by choice.

Make Qualitative Efforts

Provide evidence that you made qualitative efforts to assist persons and businesses that provide opportunities to persons listed in the following order of priority: 1) Residents of public housing projects where assistance is expended, 2) Residents of other public housing projects managed by the PHA providing the assistance, 3) YouthBuild participants, 4) Persons who are low-income residing in the metro area (or non-metro county) where assistance is expended.

 **Helpful Tool:** The Section 3 Guidebook provides a list of qualitative efforts that contractors and subcontractors may undertake to document that they made qualitative efforts to assist persons who are low-income with employment and training opportunities.

3 Understand What a Section 3 Worker Is

What is a Section 3 Worker? A worker who **currently fits**, or **when hired** within the past five years fit, at least **one** of the following categories as documented:

- Worker who is low-income
- Employed by a Section 3 business concern
- YouthBuild participant

*The five-year lookback period cannot date back further than 2020.

4

Understand What a Targeted Section 3 Worker Is

What is a Targeted Section 3 Worker? A worker who is:

- Employed by a Section 3 business concern

Or a worker that **currently fits** or **when hired** within the past five years fit, at least **one** of the following categories as documented:

- Resident of public housing or Section 8 assisted housing
- Resident of other public housing projects or Section 8 assisted housing that is managed by the PHA that is providing the assistance.
- YouthBuild participant

Helpful Tip:

- All Targeted Section 3 Workers are Section 3 Workers. However, not all Section 3 Workers meet the definition of a Targeted Section 3 Worker.

5

Certify Your Section 3 and Targeted Section 3 Workers

Select the Option(s) You Will Use to Certify Worker Eligibility

1. **Worker Self-Certification** - this option allows a worker to verify their own eligibility. A worker may use a self-certification form to certify that:

- Their income is at or below the low-income limit, or
- They are a YouthBuild participant, or
- They are a public housing resident or a resident of Section 8 assisted housing

2. **Employer Certification** - this option allows employers to certify that the:

- Worker's paid wage rate by the employer (if annualized on a full-time basis) is at or below the low-income limit, or
- Worker is employed by a Section 3 Business concern.

3. **PHA/Owner Certification** - this option allows a PHA or an owner or property manager of project based Section 8-assisted housing or administrator of tenant-based Section-8 assisted housing to certify that:

- The worker is a participant in one of their programs.

Helpful Tip:

- If a person does not currently meet any of the categories above, the person or employer can look back five years (if hired within the last five years by the same employer) to verify the worker's status.

6

Determine if Your Business Qualifies as a Section 3 Business

There are two different ways to qualify as a Section 3 business concern. Your business must meet one of the criteria below to be eligible.

1. At least 51% of your business owned and controlled by a person(s) who are low-income OR by a public housing resident or resident living in Section 8 assisted housing.

a. If your business meets the criteria, then you will need to self-certify ownership and income-levels of the qualifying owner(s).

2. In the past 3 months, more than 75% of the labor hours worked for your business must be performed by Section 3 workers?

a. How do I figure this out?

- **Divide** the *total number of labor hours* worked by **Section 3 Workers** over the last three-month period by the *total number of labor hours worked* by **all employees** over the last three-month period. **Multiply** the number by 100 to get the percentage. If the percentage is 75% or greater, your business qualifies. You may self-certify your eligibility.
- **Example:** Over the prior three month period, Contractor ABC had six employees on payroll. Two out of the six employees qualified as Section 3 Workers. The total number of hours that the six employees worked in the prior three month period was a total of 800 hours. The total number of hours that were worked by the Section 3 Workers were 500 hours. To determine eligibility, Contractor ABC divided 500 hours by 800 hours. Based upon the equation, 62.5% of the business' labor hours performed over the prior three month period were performed by Section 3 Workers. The contractor does not qualify as a Section 3 business.
